Congratulations !

### **Consumer Driven Cereal Innovation: Where Science Meets Industry**

Editor by Peter L. Weegels, Christophe M. Courtin, Abdessamad Arrachid, and Marco Silvestri  
Proceedings 1st C&E Spring Meeting, Montpellier, 2007. ([link here](#))

## **Closure of the Europe Office of AACC-International; continuation of C&E activities**

For financial reasons AACC-International was forced to close its European Office. Hilde Keunen has been the driving motor for years and has been of tremendous support to C&E. In a very proactive way she has been setting up many activities together with C&E. These activities she skillfully distilled from your wishes as members. We will miss her support and good care and thank her via this news letter and in an official fare-well on December 15.

The tasks from Hilde have been distributed among the members of the board of C&E in order to guarantee the continuation of our activities. Support from AACC-International will continue as well and will be stepped-up, a.o. AACC-International has become a Gold Sponsor of the C&E Spring Meeting.

Fortunately the board of C&E has been expanded before summer with two new members: Filip Arnaud, Puracor, Belgium and Andreas Redl, Syral, Belgium. We welcome them as new Board members !

### **In the pipeline:**
